

We are looking for contributors for this Film.

It's going to be a SAG Indies Film, an Ultra Low Budget which is under \$200,000 Feature Film. (Production Budgets only.) Anyone who likes to put in \$2,000 per share, there are 200 shares available. We like to raise \$400,000 for the film. (That would be including Marketing and promotion budgets.) It could be a Tax Shelter and/or Investment opportunity for potential big profits.

"Absolutely American" An ORIGINAL ROMANTIC COMEDY script.

True love prevails when we set aside our prejudice.

A Chinese American dealing with his own problems encounters discrimination, discovers his American roots by finding his unexpected ancestor's buried American History and finds love on the way.

A zany, whimsical, light-hearted Asian-American romantic comedy, where cultures clash within the family, and loving hearts hiding an embarrassing secret win the day against racial bigotry and surly mobsters. A priest, a Native American and the young hero's cronies turn into surprising allies in this coming-of-age story. Who would dream that Chinese immigrants could be so absolutely American?

Purpose is to entertain the audience, give them a good laugh and/or cry.

Everybody has the same need for 'Love'. Viewers learn that nothing can be solved by violence. This 'Film' has a funny and smart way of uniquely showing audience that nobody can win with violence and with war, only with 'Love' and 'Peace'. Asian Americans, including other cultures, stereotype each other, not recognizing that people are unwilling to accept ourselves and not to discriminate against each other. Viewers can learn from the film that violence breeds more violence. And to focus on our similarities instead of our differences.

A coming of age story, a Woody Allen like, out of water character, who falls in love with a girl, but a girl not of his culture. The ensuing problems result in Peter and his buddies facing discrimination and heartache but Peter with the help of his buddies end up finding his true love

"There's something about Mary," "40 year old virgin," "My big fat Greek wedding."

"Absolutely American" contains some stylish martial arts action but with no real violence. The film will reference in a comedic context the issue of male sexual dysfunction as well as themes of dating and ethnic discrimination.
